SUPPLEMENT (CORRECTION) TO APEAL BRIEF

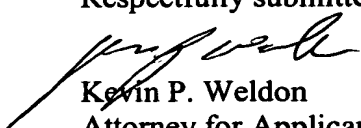

This communication is in response to the Examiner's letter mailed February 5, 2004 (Paper No. 8). The applicant apologizes for any inconvenience caused by the clearly erroneous language included in the original Appeal Brief, mailed on December 19, 2003. It is admitted that page 14 in the original Appeal Brief was nonsensical and unclear. As argued in the Brief, applicant believes that all pending claims, 1-22, are allowable, not just claims 1, 2 and 5.

Thus, applicant respectfully requests a Notice of Allowance indicating claims 1-22 as being allowable. If for any reason the Examiner does not believe that the application is in condition for allowance, the Examiner is requested to telephone applicants with any comments or questions (724-539-3848) in order to expedite prosecution of the application.

The Commissioner is hereby authorized to charge any fees, including additional filing fees required under 37 CFR 1.16 and 1.17, in connection with this submission to Kennametal Inc. corporate Deposit Account 502832.

Respectfully submitted,
